

Jazmine Jackson      Charge# 00238741-001

You requested the history of this case as it is being referred back to court after an extended period of time.

A specific victim was not initially identified on the petition. I contact the SRO he stated that he did not see the need for him to participate and provided the name of the teacher involved, Mr. Lowe.

After the incident involving this charge, Ms. Jackson had removed Jazmine from school and was home schooling her.

As I was trying to contact the teacher, I scheduled an initial meeting with Jazmine and her mother. However, I had to cancel it due to my father being very ill at the time.

It took me some time to contact Mr. Lowe and he agreed to participate in the conference. By the time, I was able to reach Ms. Jackson her daughter had been hospitalized. She remained hospitalized for an extended period of time and then transitioned to a partial hospitalization program. I had also scheduled at least two meetings with Jazmine and her mother while Jazmine was hospitalized, Ms. Jackson cancelled the attending the meetings each time.

I contacted Mr. Lowe to let him know that the conference would be delayed and he stated that he would be willing to participate when it was appropriate to do so. However, Jazmine was released from the hospital program over the summer and I did not have any contact information for Mr. Lowe.

When the fall semester began, I began trying to reach both parties again. Once reaching her, Ms. Jackson said they would continue with process but concerned about the length of time since the charge was initiated. She is now questioning the charge due to circumstances around the incident due to her daughter's mental health.

Recent efforts to contact Mr. Lowe by phone or mail have not been successful so this case is being referred back to court as discussed.
