Jeremiah Dorsey
DOB: 2/3/95
Charge #: 00238690-004

As I talked with you last previously, I sent this case back to court because I was not able to contact Mr. Dorsey to ascertain his progress on completing his conference agreement. He called the day he received my letter stating that the case was sent back to court. He stated that he had not received my earlier correspondence and he provided me his cell number so I could reach him. He said that his mother usually gets the mail at his home and she had not mentioned my letters. He was home from school on the day the letter stating the case was being referred back to court arrived.

He states that he wishes to continue with the conference agreement and has started working on the terms to which he agreed.

I informed him I would discuss this circumstance with your office. I will inform him that he will need to provide documentation related to his compliance with the conference agreement to my office as well as the court when necessary.

I understand that Mr. Dorsey has a court date on next week for a new charge. I will be out of town on this date and will not be present in court.
